

# Cloud Solutions.

## Power and Performance for the Wherever, Whenever Workplace

Maintaining expensive physical infrastructure on-site is inefficient. With Segra's cloud solutions, you gain the flexibility, security and reliability to keep your business moving forward confidently.

### Get Unstuck from Outdated Infrastructure.

- **On-the-Go Access:** Work with business-critical data and applications from anywhere, anytime.
- **Simplified IT Management:** Gain more control and flexibility.
- **Cost Control:** Only pay for the resources and capacity you need.
- **Disaster Response:** Quickly recover from failures or cyberattacks.
- **Scalable Infrastructure:** Adjust capacity and performance on demand.
- **Enhanced Data Security:** Automatic backups keep sensitive information safe and secure.
- **Tailored Cloud Strategies:** Build the right mix of private, public or hybrid cloud solutions.
- **Local Support:** Our local experts are available 24/7/365.

### Proactive Support and Compliance

All of Segra's services are continuously monitored by on-site engineers 24/7/365 and are housed in Segra Data Centers that are SSAE 16 SOC 2 Type II certified, and PCI DSS and HIPAA compliant.

### Create Your Winning Technology Game Plan.

In addition to managed cloud solutions, Segra helps you design a winning technology game plan for your business to get connected, remain secure and facilitate communication.

#### RELIABLE CONNECTIVITY

Get fast, reliable business internet on Segra's expansive fiber network footprint.

#### FORTIFIED CYBERSECURITY

Protect your network and data with advanced threat detection and intelligent defense solutions.

#### POWERFUL VOICE

Bring together voice and data solutions across multiple platforms.

### Why Segra?

At Segra, we understand that winning in today's business landscape requires more than just technology – it requires a strategic connectivity game plan, relentless agility and innovation, and a human touch.

We invest in our customers, our network and our people to deliver exceptional connectivity solutions and customer service that empower businesses to thrive.

Our local-market operating model means your whole team – from sales to network engineering to customer support – are all living and working in the communities they serve.
